

Frequently Asked Questions

What is direct debit?

Direct debit is a means of payment where you give permission to a company to collect an agreed amount of funds from your bank account or credit card. Your payments happen automatically once you initially choose your timing, amount, and frequency for paying your bills.

What are the benefits of paying by direct debit?

Direct debiting your bills saves time and gives you the peace of mind to focus on other things, without the hassle of bill stress or worrying about forgetting to pay bills. This means that you can set and forget your bill payment schedule and rest assured that you won't overlook a bill which could impact on your credit score.

Ezidebit transactions are cheaper than using cheques, withdrawing cash over the counter or utilising periodic payments. In addition, by reducing your number of personal transactions, Ezidebit may help reduce your ATM & EFTPOS fees.

How do I sign up for direct debit?

Ask for an Ezidebit Direct Debit Request form from reception. Decide whether you want to pay your bills from your bank account or credit card. Complete the form and return it to reception.

Can I alter or cancel my direct debit?

Ezidebit offers you the flexibility to alter your direct debits. All you need to do is contact Inter Care Training Finance Team payments@intercaretraining.com.au and notify them that you wish to change your payment details or cancel the direct debit schedule.
